Appreciative Bow

A deep curtsy to our phenomenal teaching staff. The past year and a half have been filled to the brim with twist and turns, and we have had to use our creativity, perseverance and strength in ways we never have before. You all have been total champs through this, providing your students with superb dance education and even more importantly, a supportive environment where they could express themselves, grow, and smile. I am so grateful for you all. <3

The biggest hugs to my sisters and office-mates Sylvia and Anna. This year was extra in so many ways and together we found a way to juggle all of the flaming bowling pins with optimism, humor and style. :-*

Thank you to our dance families, for trusting us with your precious children during this wild ride of a year. Thanks for handling the changes so gracefully. Your support means so much, now more than ever! You all really are the BEST.

Thanks to our amazing students, for putting their hearts and souls into their classes each week! Dance class this year looked different than usual, and our students navigated all of the “new” with courage and openness. We are so grateful to have been able to share this year with you all, different though it may have been! Enjoy being in the spotlight today, dears. You earned it!

Thank YOU, our audience, for coming to watch us today! We’ve waited a LONG time to put on a show for you, and we hope you enjoy it!

With love and gratitude,
Stephanie
